

BENTLEY
HOME

A New Language of the Greatest Automotive Design

Bentley Home, the home furnishings arm of Bentley Motors, is a tribute to the tradition of the luxury automotive brand. Its refinement has been honed to shape a new aesthetic style based on savoir-faire, creativity and sophistication.

The World of Bentley Interiors

Launched in 2013, the Bentley Home collection celebrates the distinctive lines and signature curves synonymous with Bentley motors and translates these into a new language of interior design. Ranging from extraordinary bedroom and sumptuous lounge furniture to exquisite accessories, each contemporary design is crafted in Italy by highly-skilled artisans.

Luxurious Personality

The combination of the typical excellence of the English brand, the know-how of the best Italian artisans and the innovation of the most famous designers makes this collection unique in the world of furniture.

Exquisite Style with an Extraordinary Vision

Balancing the use of the highest quality materials and artisanal manufacture with innovation; paying homage to the brand's illustrious heritage, whilst openly embracing the future. To create a captivating lifestyle, for everyday living.

The 2021 Bentley Home Collection

Defined by precious and cutting-edge materials, and the desire to push craftsmanship to new levels, the latest Bentley Home Collection represents a new vision for the brand. The luxurious collection embodies all the hallmarks of the Bentley brand and features newly-conceived sustainable processes and materials.

Featuring Cutting-Edge New Materials and Unique Finishes

Designed by renowned Italian architect Carlo Colombo, who worked closely with the brand's creative team Bentley Design, the latest collection aligns with Bentley Motors' desire to be the most sustainable luxury automotive brand in the world.

Two new features are introduced in this collection: a new Degradé lacquering technique and innovative new Marm\More fabric made from marble powder.

A New Standard for Modern Luxury

Each of the furniture pieces has been carefully designed to include materials and finishes that are unique, blending fine craft with the newest technologies. Strong, distinctive lines and timeless shapes characterise the new furniture designs and each piece injects a dose of sophistication to any space.
