## Handmade Carpets with Contemporary Design

Born in France, designed in Milan and produced in Nepal - cc-tapis is an Italian carpet manufacturer known for collaborations with designers and architects, which produces contemporary hand-knotted rugs created by expert Tibetan artisans.

## A Pursuit of Passion

The company was founded by Nelya Chamszadeh and Fabrizio Cantoni in France who have been producing hand-knotted rugs in Nepal for over 18 years. In 2011 cc-tapis moved to Milan where the company is now based and a team of designers lead by Daniele Lora, art-director and partner, innovate through a new approach to traditional methods.

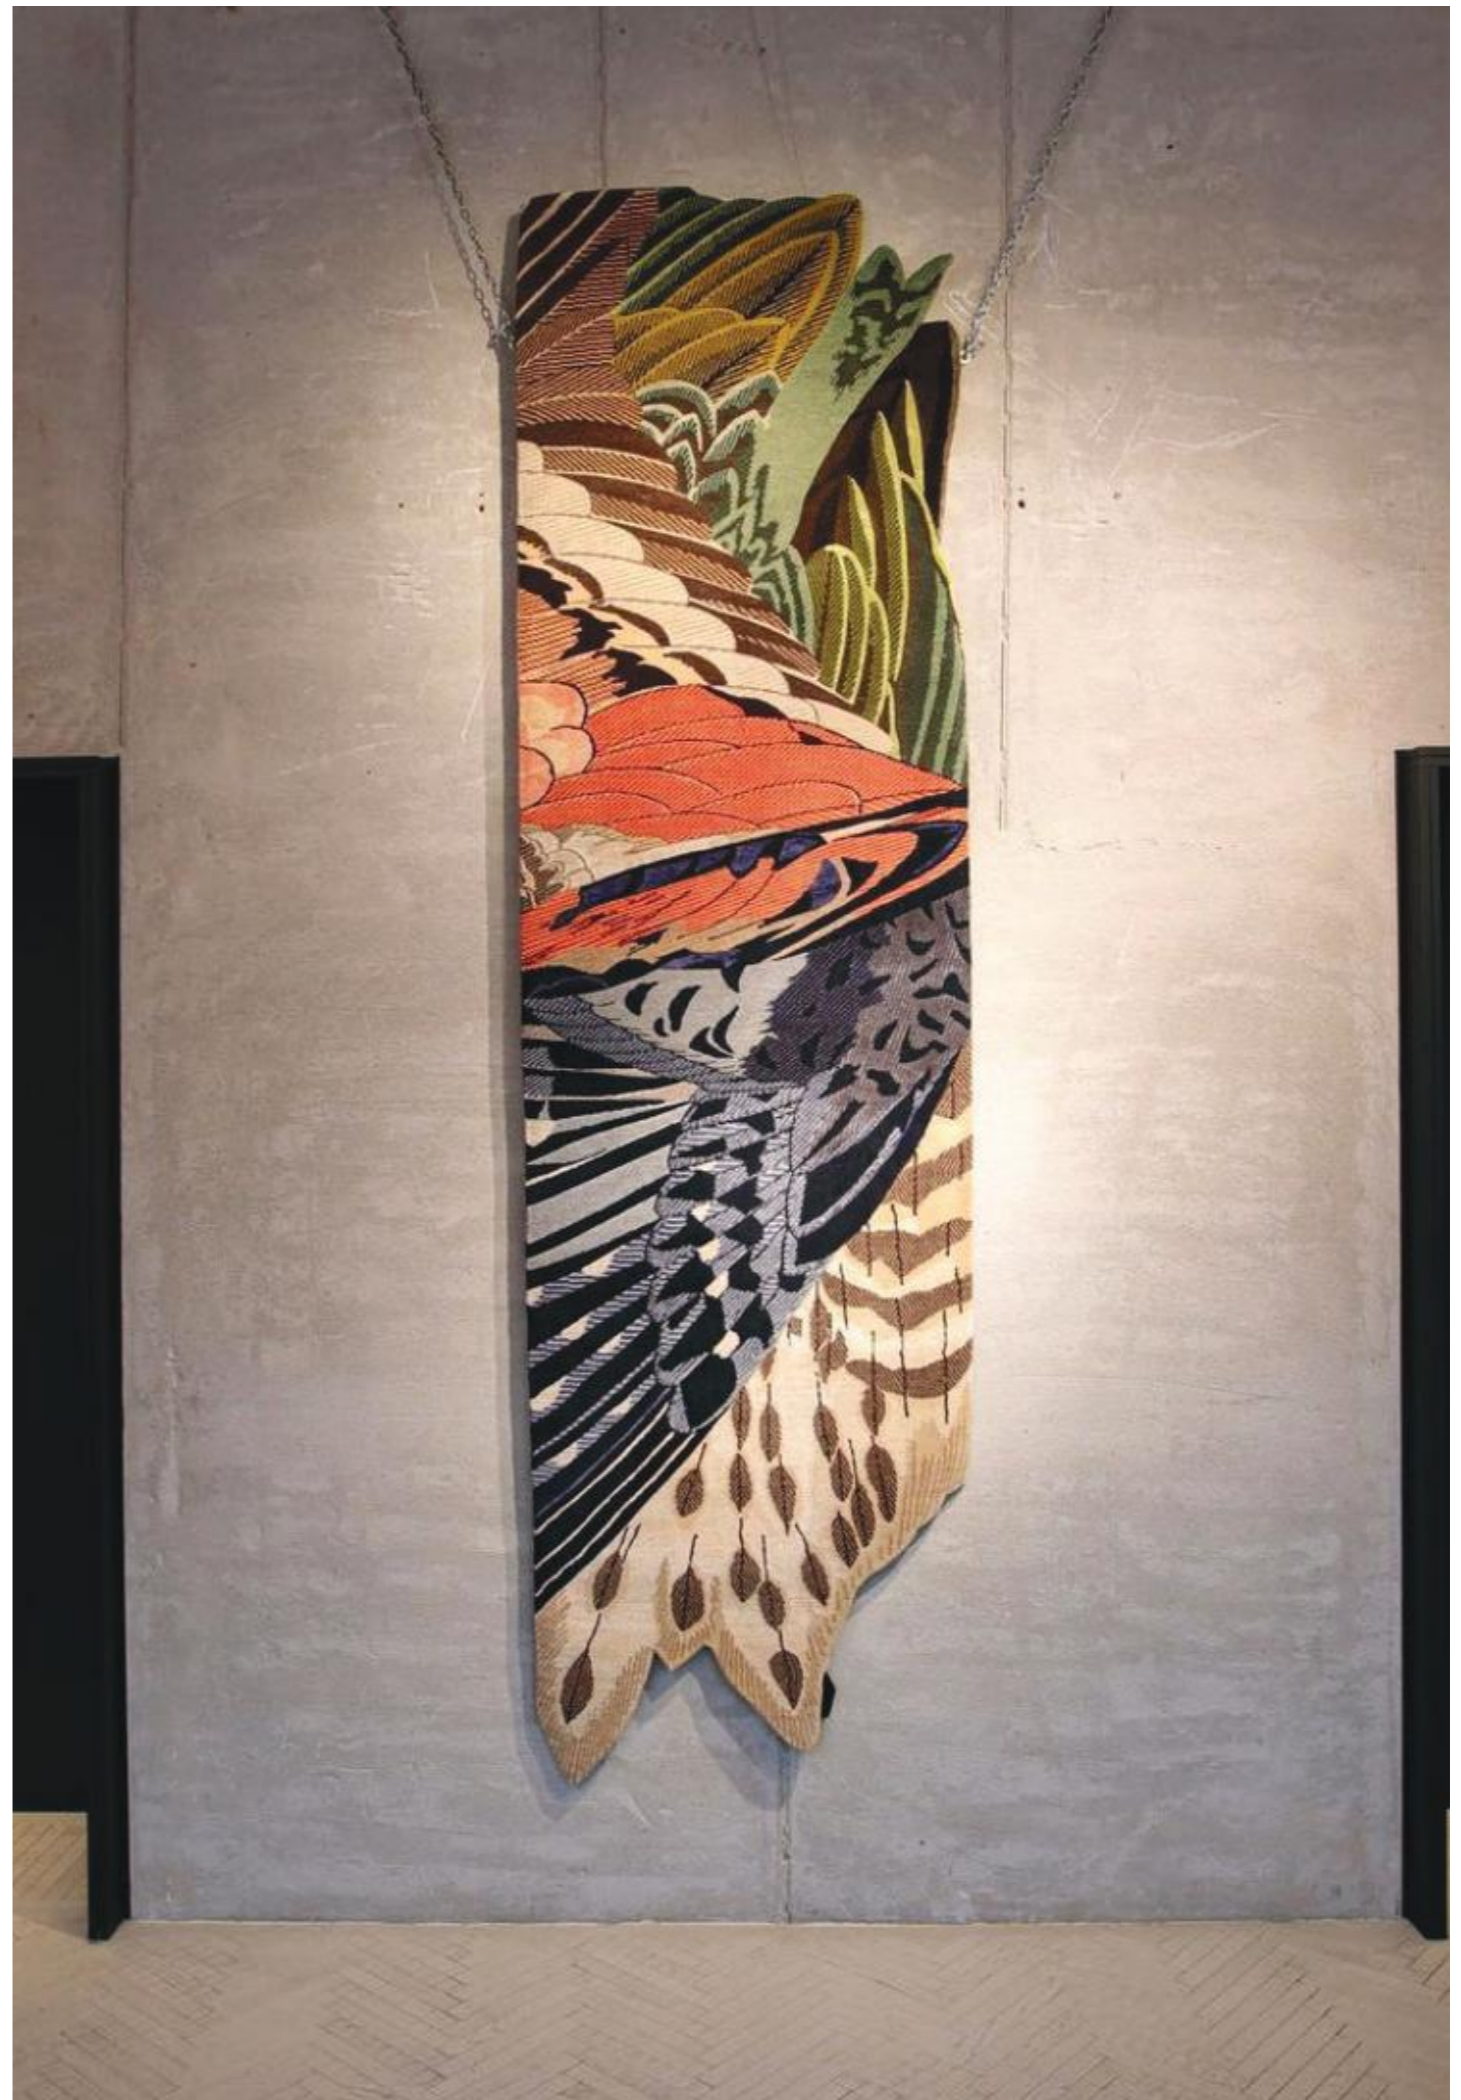

## The Maximalists

From unique signature pieces to geometric contemporary designs, rugs with a beautiful vintage feel or simple and minimal pieces, you can find them all in cc-tapis collection.

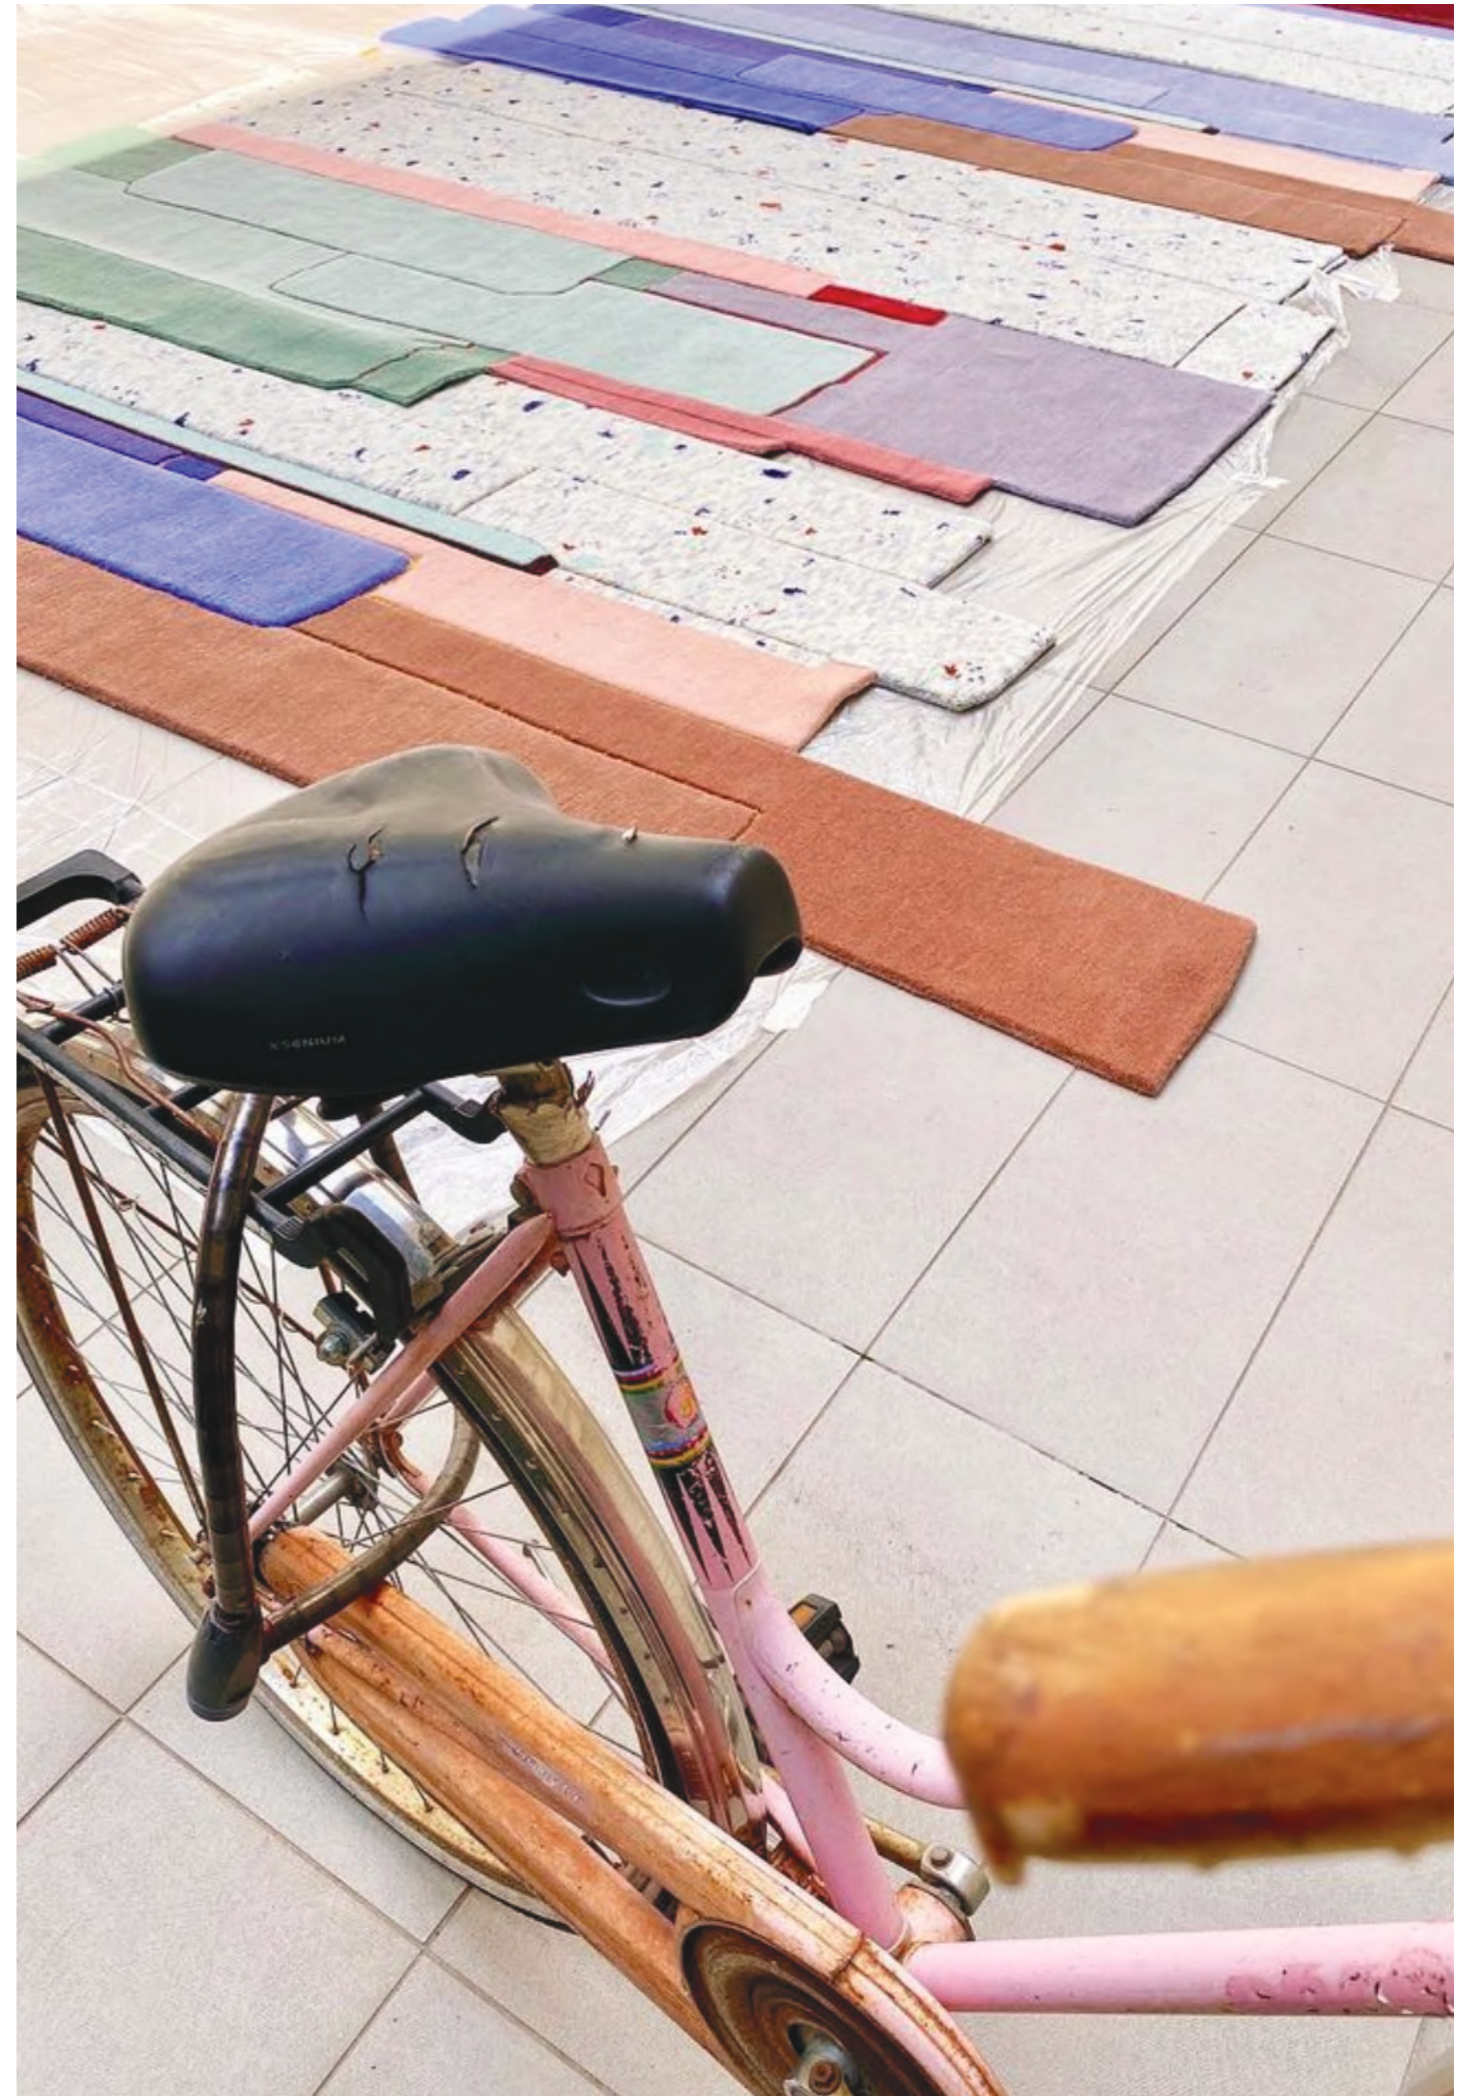

## Honouring the Ancient Craft

Honouring the ancient craft of Tibetan rug making, cc-tapis weaves an unbeatable artisanal history in its beautiful designed and handmade carpets. Each rug is knotted by hand with a production time that lasts months.

## Eco-Sustainability

Taking an eco-friendly approach, cc-tapis use the softest Himalayan hand-spun wool and purified rainwater within their production process. No acids, no chemicals. Every rug tells a story of production and an ancient craft.
